SUMMER SUPERVISOR SPLASH

The wooded ridges and deep valleys of southern Indiana offer Splash 2003 participants scenic views, winding roads, and a feeling of forested isolation from the hurry of everyday life. Nestled in Indiana's largest state park - with over 16,000 acres of rolling, wooded hills, the Abe Martin Lodge will offer you a place to relax amidst its rustic charm.

Whether you're out to be challenged or simply want to relax, Brown County State Park is filled with activities that makes it a destination for this year's Summer Supervisor Splash. Noted as Indiana's largest state park, it offers mile after mile of hiking on well-marked nature trails that wind through stands of walnut, black locust, and sassafras trees. In addition to twelve miles of hiking trails, the Park boasts seventy miles of bridle trails. In fact, much of its southwestern and eastern sectors can be reached only by foot or on horseback.

The scenic beauty and rustic charm of Brown County State Park have drawn visitors from throughout Indiana for the better part of a century.

To Splash 2003

Date: Friday, August 1 through Saturday, August 2

Place: Brown County State Park
Nashville, Indiana
